

Social Media Management Agreement

Web Gecko — Full-Service Social Media Management Terms

Document: WG-SOC-001
ABN 32 300 992 377
14 May 2026

This Agreement governs Web Gecko's social media management services including account creation, content posting, community management, and offboarding. It forms part of the overall Terms & Conditions (WG-TNC-001).

1. Scope of Services

Web Gecko provides fully managed social media services on behalf of the Client. Services vary by plan and may include:

- Creation of a dedicated Gmail address for the Client's social media accounts
- Registration and setup of social media accounts on agreed platforms (Instagram, Facebook, TikTok, LinkedIn, YouTube, Google Business, and others as agreed)
- Content creation including captions, hashtags, imagery direction, and video scripts
- Scheduled posting according to an agreed content calendar
- Community management: responding to comments, direct messages, and reviews
- Performance monitoring and monthly analytics reports
- Competitor and trend monitoring (Growth and Full Suite plans)
- Paid advertising management (Full Suite plan only)

The specific plan, platforms, and inclusions are confirmed at sign-up and visible in the Client's portal. Web Gecko reserves the right to adjust platform availability based on API access and platform policy changes.

2. Account Ownership & Credentials

Where Web Gecko creates social media accounts on behalf of the Client, the following applies:

- **Gmail address:** Web Gecko creates and administers a dedicated Gmail address (e.g. businessname@gmail.com) used to register all social media accounts. This Gmail address is managed by Web Gecko throughout the engagement.
- **Social media accounts:** All accounts created are registered in the Client's business name and on their behalf. Web Gecko acts as administrator.
- **Password retention:** Web Gecko retains login credentials throughout the active management period to enable content posting, community management, and account administration.
- **Client access:** Clients do not require direct access to credentials during the active service period, as all management is handled by Web Gecko.

Web Gecko agrees not to use the Client's social media accounts for any purpose other than delivering the agreed services. Web Gecko will not post content, make changes, or access accounts outside of agreed service

activities.

3. Content Approval

Content is created by Web Gecko and may be posted automatically according to the agreed schedule, or subject to Client approval ('Approval Mode') at the Client's election. In Approval Mode:

- Draft posts are submitted to the Client for review prior to publication
- The Client has 48 hours to approve or request changes to each draft
- If no response is received within 48 hours, the post may be published at Web Gecko's discretion (unless the Client has expressly requested otherwise in writing)

The Client warrants that all content directions, images, and materials provided to Web Gecko for use in social media posts are lawful, accurate, and do not infringe any third-party intellectual property rights.

4. Community Management

Web Gecko responds to comments, direct messages, and reviews on behalf of the Client in a professional manner consistent with the Client's brand voice. The Client acknowledges that:

- Web Gecko will use reasonable judgment in responding to enquiries and comments
- Complex or sensitive matters may be escalated to the Client for direction
- Web Gecko is not responsible for reputational harm arising from third-party comments or reviews that are outside our control
- Web Gecko will not make commitments, offer refunds, or enter into agreements with third parties on the Client's behalf without prior written authorisation

5. Platform Policy Compliance

The Client agrees that all social media activities conducted on their behalf will comply with the terms of service and community guidelines of each relevant platform. Web Gecko will not engage in:

- Purchasing followers, likes, or engagement
- Spamming or bulk messaging
- Posting content that violates platform policies or Australian law

If a platform suspends or restricts an account due to the Client's prior activity or content provided by the Client, Web Gecko is not liable for the resulting loss of access or engagement.

6. Billing

Social media management is billed monthly in advance. Current plan pricing:

Plan	Platforms	Posts/mo	Community Mgmt	Monthly Fee
Starter	2	12	Comments & DMs	\$499
Growth	4	20	Comments, DMs & Reviews	\$799

Full Suite	6+	36	Full community management	\$1,299
Custom	As agreed	As agreed	As agreed	Custom quote

Prices are in AUD and include GST. Plans and pricing may be updated with 30 days written notice to existing clients.

7. Cancellation & Offboarding

Social media management services may be cancelled by providing written notice at least 7 days before the next billing date. Upon cancellation, the Client elects one of the following offboarding options:

Option A — Full Account Handover (\$299 one-off fee)

Web Gecko will:

- Sign out of all connected social media platforms
- Sign out of the dedicated Gmail account on all devices
- Reset the Gmail account password and send the new credentials to the Client's registered email address
- Send a formal written confirmation (via email) with timestamps and proof of sign-out from each platform
- Retain no ongoing access to any accounts, the Gmail address, or connected platforms

Option B — Stop Management (No charge)

Web Gecko will:

- Cease all posting, scheduling, and community management activities immediately
- Not transfer account credentials — the Gmail and social accounts remain under Web Gecko administration and go dormant
- Make no further posts, changes, or deletions to any connected accounts
- The Client may request a Full Account Handover at any future time for the applicable fee

Legal effect of offboarding: The offboarding confirmation email sent by Web Gecko constitutes written evidence of the actions taken. Web Gecko retains no liability for loss of followers, engagement, account standing, or any other consequence arising after the handover is completed.

8. Rejoining

Clients who cancel social media management and wish to re-engage Web Gecko for social media services at a future date are required to:

- Complete the full onboarding process from the beginning
- Pay the then-current setup/onboarding fee
- Sign a new Social Media Management Agreement at prevailing rates

No discounts or credits are available for returning clients. There is no guaranteed continuity of previously managed accounts, platforms, or content.

9. Liability

Web Gecko's liability under this Agreement is limited in accordance with the Terms & Conditions (WG-TNC-001). Web Gecko is not liable for:

- Reduction in followers, engagement, or reach due to platform algorithm changes
- Account suspension or restriction by third-party platforms
- Loss of business arising from social media performance
- Content errors where the Client has approved the content prior to publication
- Any harm arising after account credentials are transferred to the Client

10. Governing Law

This Agreement is governed by the laws of Queensland, Australia and the Australian Consumer Law. Any disputes arising from this Agreement will be subject to the dispute resolution process set out in the Terms & Conditions (WG-TNC-001).
